

# THE WORLD AS A MIRROR OF OUR INNER SELVES

*“Only when I’m ready to open my heart and to look upon life through it,  
I can touch my deepest essence and thus the world as a mirror of myself”*

*A talk and musical improvisation by Ana Pogacnik

Ana Pogacnik, international geomancy instructor, founder of Schule “Wieder Sehen” (School “To See Again”) accomplished musician and composer, and co-author of the book *How Wide the Heart: The Roots of Peace in Palestine and Israel*, will return to Northern California this fall, offering opportunities to learn about the partnership that can exist between humanity and the Earth at this auspicious time in history.

Ana’s seminars are grounded in the understanding that we are a microcosmic “cell” of the Earth and that, our presence, our being, and our activities mirror the outer landscape while, at the same time, the landscape mirrors our inner selves back to us.
