"Wake up, the Earth is changing"

Lecture with concert: 9th Maj 7pm in Göteborg

Course: 10th-13th Maj at "Kinnekulle" next to lake Vänern (2 hrs. from Göteborg)

The Earth is already since some years ago, in the process of change. Its vibration is changing and so, therefore, is its general activity, and as we are part of the Earth, and indeed our bodies are the Earth itself, so is our vibration and personal energy sphere changing as well.

We cannot avoid Earth changes and by understanding the changes better, we would not want to avoid them any longer. It is really such a gift to be able to experience actively this unique process.

Everything that will be said by the lecturer will afterwards be "translated" into improvised piano music arising out of the moment.

In the course we will use the landscape as a mirror to find our way into the inner processes. These processes, which are initiated by the Earth changes, are accompanying and challenging us all in our daily lives.

With exercises, guided meditations, perceiving the places connected with the Earth changes and their new qualities, with toning, with expressive movements etc, we will more consciously tune in with the new vibrations. We will search for ways which can help us to connect deeper with the Earth changes and flow more easily with them.

"Wake up! It is time of Earth changes and so also the time of our awakening".

Ana Pogacnik has a deep contact with the angelic ocean and works with the energy centres, landscape chakras and with "new places" which are connected with the Earth-changes. She also runs her own School: www.ana-pogacnik.com

Irrespective of where my path leads me, I tread upon You, the Earth.

With every step I touch Your palms.

With every breath I merge with Your boundless beauty.

Irrespective of where I stand in my life, You offer me shelter and haven.

With every place, You touch me with Your infinite smile.

With every landscape You reveal Your deepest being and open the door to Your eternal temple. (Ana Pogacnik)

Course costs, including accomodation and food for the 3 days and fee for the lecture/concert:
